Introduction

Each year the State Records Office of WA (SRO) marks Western Australia Day by publishing online a Guide to State Cabinet records of the previous calendar year, all of which have been released from their 30-year restriction access period. This year's Guide comprises information from Cabinet minutes and decisions from 1985, the third year of Brian Burke's Labor Government.

State Cabinet records are historically significant documents which reveal the decisions made by the government of the day. These unique records are the primary source documents for information about the issues raised at Cabinet meetings. The online Guide assists the Western Australian community with access to these records.

A selection of over 30 of the issues considered by State Cabinet in 1985 is presented in this Guide, revealing some of the deliberations of government over 30 years ago. An Index to the all of the 1985 Cabinet Minutes and Decisions is also included to encourage further research into the records. The Guide provides an overview of Western Australian state issues in 1985, as well as highlighting a few of the more prominent national and international events of that year.

Unlike the release of Cabinet papers at the Commonwealth level, where records comprising more sensitive information can be embargoed beyond the restriction access period for the remaining records, all of the State Cabinet records for Western Australia are released for public access 30 years after the records are created.

The State Records Office of Western Australia (SRO)

State Cabinet Records are held by the SRO, the authority responsible for identifying, managing, preserving and providing the community with access to the State's Archives. They can be found by accessing [the SRO's online catalogue](#), and the originals are available at the SRO's Search Room situated on the Ground Floor of the Alexander Library Building in the Perth Cultural Centre. The SRO Search Room is open Monday – Friday, 9.30am – 4.30pm.

For further details about accessing original State Cabinet records, please [see our website](#) or contact the SRO on 9427 3600, or by email at sro@sro.wa.gov.au.

Description of the 1985 State Cabinet Records

The primary set of State Cabinet records referred to in this Guide is called 'Cabinet Minutes and Decisions.' State Cabinet Minutes and Decisions include agendas and submissions to Cabinet and are listed chronologically. The State Cabinet records for 1985 are the records the meetings of State Cabinet held between 16 January to 9 December 1985, and comprise the State Cabinet Minutes and Decisions (Series 1228, Consignments 2884 and 4736), and other State Cabinet records which complement the Minutes and Decisions, such as Cabinet Summaries (Series 1230, Consignment 4823), and submissions, reports and other accompanying documents to the Minutes and Decisions, each of which are described as a "Cabinet Record" (Series 1228, Consignment 6150).

Cabinet Minutes and Decisions

State Cabinet Minutes and Decisions are the primary original source documents that provide a record of government decisions made at Cabinet meetings. These documents contain the names of the Ministers present and absent at each meeting, copies of submissions to Cabinet (including ministerial recommendations), supporting reports, summaries or reviews for these submissions, and a record of relevant decisions, approvals, deferrals and rejections by State Cabinet.

Events and Issues in WA Politics in 1985⁽¹⁾

1985 was the third year of the Burke Labor government. In February the State government launched the West Australian Exim Corporation which had grown out of election promises for a marketing corporation for the South East Asian market as well as markets further afield. The State Government also announced in February that it would acquire a 20% stake in the South West aluminium smelter project although this project fell into difficulties later in the year due to the consortium running into financial difficulties.

Throughout the first half of 1985 the government also endeavoured to finalise contracts for the North West shelf gas project. In April the visit of Chinese Communist Party General Secretary Hu Yaobang raised hopes of further Pilbara development and the re-opening of BHP's blast furnace at Kwinana. Also in April Lang Hancock and the Romanian Government announced an Iron Ore joint venture at Marandoo in the Pilbara. In June the US oil producer Amoco commenced exploration of the Great Sandy Desert and the WA Government shelved plans for a sugar industry on the Ord River.

In March 1985 the government introduced the Aboriginal Land Bill to Parliament which provided for 7.5% of the State to be available to be held freehold by Aboriginal people. But in April the Bill was defeated in the Legislative Council. Later in the year Aboriginal/White conflict and 'Black Deaths in Custody' became a controversial subject in WA when a serious riot broke out in Mullewa and the media highlighted the large number of prison deaths of Aboriginal people in WA. Media reporting on these issues drew strong criticism by the Police and Prison Officers' Unions.

The first 'Technology Park' in WA opened in Bentley in July 1985 and the government also announced the setting up of a public trust to assist the expansion of small business, jointly sponsored by the WA Development Corporation (WADC) and the Small Business Development Corporation. Comedians Rodney Rude and Austen Tayshus were arrested, charged and prosecuted for using obscene language in their performances in Perth, the actions of the Police being much criticised by WA's theatre and arts community. In September work on the Sorrento Marina commenced, the government also releasing a draft environmental management plan including a proposed marine park stretching from Trigg to Burns Beach. In the same month Cabinet announced the electrification of the suburban rail system at a cost of \$146 million.

In 1985 important legislation passed by Parliament included changes in the areas of adoption, sexual assault, AIDS, criminal law reform, and industrial training. Legislation also allowed for administrative changes such as amalgamations of various offices, commissions, and boards, such as creating a new State Planning Commission out of three existing bodies, and the creation of new organisations such as an authority for intellectually handicapped children independent of the Health Department. The Water Authority of WA adopted the State's first equal opportunity management plan to ensure equality for women, migrants and Aboriginal people.

World Events that Made the News in 1985 ⁽²⁾

1985 was the year that Mikhail Gorbachev came to power in the Soviet Union and a blood test for AIDS was developed. The discovery of the Ozone hole in the atmosphere was first announced, and Commodore launched the Amiga Personal Computer. The computer game Super Mario Brothers was first released on Nintendo. The wreck of the *Titanic* was found in the North Atlantic and the Greenpeace ship *Rainbow Warrior* was bombed and sunk in Auckland Harbour by French special agents.

The famine that had ravaged Ethiopia since 1983 continued into 1985 and relief efforts included the release of the charity hit single 'We Are the World', written by Michael Jackson and Lionel Richie. The 'Live Aid' concerts in the USA and London in July 1985 saw the largest satellite link-up and television broadcast in the world at that time: an estimated global audience of 1.9 billion, across 150 nations.

In 1985, an Air India Boeing 747 from Montreal to Delhi via London was blown up by a terrorist bomb above the Atlantic Ocean killing all 329 aboard. The passenger ship *Achille Lauro* was hijacked by Palestinian terrorists. Marc Chagall, Yul Brynner and Orson Welles died in 1985, as well as Rock Hudson who died of AIDS.

Australian and WA Events that Made the News in 1985 ⁽²⁾

In January 1985 Paul Hogan was named as Australian of the Year. In March the TV soap *Neighbours* was launched by the Seven network. In September John Howard replaced Andrew Peacock as Federal Opposition Leader. In November the first Australian Formula One Grand Prix took place in Adelaide and 'What a Nuisance' won the Melbourne Cup. East Fremantle won the WAFL Grand Final.

The Australian Film *Mad Max 3: Beyond Thunderdome* was a box office success in 1985. Starring Mel Gibson and Tina Turner, the film's theme song *We Don't Need Another Hero*, topped the charts internationally as well as Australia. As well as *Mad Max 3* other popular films of the year were *Back to the Future*, *The Colour Purple*, *A Room with a View* and *Out of Africa*. Madonna, Dire Straits, Bruce Springsteen, Phil Collins, Eurythmics and Mental as Anything dominated the singles and album charts in 1985.

In WA in 1985 a litre of milk cost 99 cents, strawberries were 69 cents a punnet, 125g of Camembert cheese was \$1.09, and tomatoes were \$1.29 per kg. If you wished to purchase a three bedroom house in Warwick you would need to spend \$65,900, and a new Holden Commodore from Skipper Mitsubishi was \$17,999. In 1985 the annual earnings for a Sheet Metal Foreman in Bunbury was \$20,000.

In 1985, electricity and gas charges rose by 3.8%, domestic water by 2.4% and there was a \$5 a day increase in hospital bed charges. Bus, train and ferry fares remained the same as in 1984.

The information for these sections comes from [Wikipedia, The Free Encyclopaedia](#). 1985, *The West Australian* and *The Sunday Times* newspapers for 1985, and 1985 WA State Cabinet Minutes and Decisions (Series 1228, Cons 2884 & 4736).
