Sector Disposal Authority for Mental Health Services

Authority number: 2015-006

INTRODUCTION

1. ABOUT THIS SCHEDULE

1.1 Important Note

This Sector Disposal Authority (SDA) will be used in combination with the State Records Office publication *General Disposal Authority for State Government Information* which covers records of activities / categories that are common across State government.

The State Records Office guideline *Records Retention and Disposal Instructions* will be consulted before any disposal of records is conducted, whether as part of a formal / regular disposal program or on an ad hoc basis.

Records relevant to actual or alleged child sexual abuse and other records relating to children

The final report of the Commonwealth Royal Commission into Institutional Responses to Child Sexual Abuse, released on 15 December 2017, contains several recommendations concerning recordkeeping by government organizations undertaking child-related functions or activities.

Organizations must be mindful of records that document, or may otherwise be relevant to, actual or alleged incidents of child sexual abuse, and the care, supervision, education and treatment of children by government employees, contractors, volunteers and outsourced service providers in contact with children. Such records may be subject to specific retention instructions as issued by the State Records Office.

1.2 Organisation Background

Government organisations established for the purposes of providing mental health services, including:

- Mental Health Commission;
- Office of the Chief Psychiatrist;
- Mental Health Tribunal (Previously the Mental Health Review Board (Dec 1977 to Nov 2015));

Sector Disposal Authority for Mental Health Services

Authority number: 2015-006

- Health and Disability Services Complaints Office (Previously the Office of Health Review (Sep 1996 to Nov 2010)); and
- Mental Health Advocacy Service (Previously the Council of Official Visitors (Nov 1997 to Nov 2015)).

Legislation establishing mental health service agencies and affecting the functions and operations of those agencies includes:

- *Alcohol and Other Drugs Act 1974* (formerly the *Alcohol and Drug Authority Act 1974*);
- *Carers Recognition Act 2004*;
- *Criminal Law (Mentally Impaired Accused) Act 1996*;
- *Disability Services Act 1993*;
- *Health and Disability Services (Complaints) Act 1995*;
- *Health Legislation Administration Act 1984*;
- *Health Services (Quality Improvement) Act 1994*;
- *Health Services (Quality Improvement) Regulations 1995*;
- *Health Services Act 2016*;
- *Mental Health Act 2014*;
- *Poisons Act 1964*;
- *Public Sector Management Act 1994*.

Previous (now defunct) organisations include:

- Western Australian Alcohol and Drug Authority (the Drug and Alcohol Office)

Sector Disposal Authority for Mental Health Services

Authority number: 2015-006

1.3 Purpose of this Schedule

This SDA has been developed by the State Records Office of WA in conjunction with the organisations, to form part of the Recordkeeping Plan of each organisation, as required under section 16(3)(a-c) of the *State Records Act 2000*.

The objectives of this SDA are to:

- Identify all core business records of the organisations;
- Identify which records are required for permanent retention as State archives and which records can be destroyed; and
- Establish retention periods for records that will be destroyed so that they are kept for appropriate periods to satisfy legal, business or other requirements.

1.4 Scope and Implementation of this Schedule

This SDA covers the core business records of each of the organisations (as set out in 1.2 of this Introduction) and any offices, including subordinate or regional offices. It also covers the core business records of predecessor / defunct organisations.

This Schedule supersedes:

- RD 2004273 Alcohol and Drug Authority of Western Australia;
- RD 2007033 Council of Official Visitors;
- Relevant parts of RD 2005001 Department of Health.

Where appropriate, the Department of Health Patient Information Retention and Disposal Schedule (PIRDS), RD 2014001 and subsequent versions, is used for records relating to patient treatment.

Records already sentenced under the superseded retention and disposal schedules which are still in the custody of a mental health services agency will be re-sentenced as necessary in accordance with this Schedule.

Sector Disposal Authority for Mental Health Services

Authority number: 2015-006

This Schedule applies to records in all formats.

Before any records covered in this Schedule are destroyed or transferred to the State Records Office as State archives, they will be reviewed by the relevant authority within each sector agency and authorised for destruction or transfer.

A record of destroyed records and, where destruction is performed by an external contractor, certificates of destruction, provided by the contractor to the organisation's authorised officer, will be retained in accordance with the *General Disposal Authority for State Government Information*.

The value of records may change over time. In assessing records that have reached their minimum retention period and are due for destruction, officers should consider those that may have potential business or historical value, for ongoing retention or archiving if warranted. Any records due for destruction that on re-assessment may have archival value should be referred to the State Records Office for further evaluation.

1.5 Psychiatric Patient Records

The following information is contained in section 3.7 of the Introduction to the Department of Health Patient Information Retention and Disposal Schedule (PIRDS):

All psychiatric patient records are to be retained for 7 years following death.

It is important that a psychiatric patient record is maintained for the lifetime of such individuals, for the purpose of ongoing treatment and/or in the event that mental competency is regained.

Although there is no clear definition, information requirements outlined in the *Mental Health Act 2014*, the *National Health Data Dictionary* and the *Mental Health National Outcomes and Casemix Collection: Technical Specifications of State and Territory Reporting Requirements* indicate that a psychiatric patient record is any record of a patient admitted for a psychiatric episode or episodes of care to a mental health care facility.

A mental health care facility includes the following:

- public hospitals, or part of a public hospital, that is authorised under section 21 of the *Mental Health Act*
- public community residential mental health facilities

Sector Disposal Authority for Mental Health Services

Authority number: 2015-006

- public community based mental health facilities (providing ambulatory mental health services).

Where health care facilities maintain an integrated patient record, in which psychiatric notes are included, professional judgement should be exercised in determining whether such records should be considered psychiatric in accordance with the above interpretation.

1.6 Investigations, Inquiries and Freedom of Information

If an Investigation or Inquiry is in progress (or likely or imminent), or if a request for access to information under the *Freedom of Information Act 1992* has been lodged, all records relevant or subject to the Investigation / Inquiry / FOI request must be identified and retained until the action and any subsequent actions are completed. This applies regardless of whether the records in question are due for destruction.

1.7 Review of this Schedule

The State Records Office of WA will review the structure, coverage and content of this SDA within five years of its approval.

The review will be conducted in conjunction with all organisations that are subject to this SDA.

Any proposed revisions / amendments to this SDA, or any intention to prepare a new SDA to replace this one, will be discussed with the organisations prior to such activity commencing.

2. SPECIFIC MATTERS

2.1 "Significant" Records

In this Schedule, each disposal class has usually been assigned one disposal action (e.g. "Required as State archives" or "Destroy").

If a disposal class contains records of both archival and non-archival value, two disposal actions have been assigned and:

Sector Disposal Authority for Mental Health Services

Authority number: 2015-006

- the term "Significant" has been used to identify records of archival value;
- the term "Other" has been used to identify records of non-archival value.

In such cases, the criteria for identifying which records are "Significant" are that the records document matters which:

- Affect the whole-of-government or portfolio function; or
- Concern or affect Corporate Executive activity; or
- Concern major liabilities or obligations of the organisation or the State; or
- Relate to the development of legislation, regulations or government policy; or
- Significantly impact or affect the organisation's functions or structure; or
- Were precedent setting; or
- Involved substantial public debate or controversy; or
- Generated wide community interest; or
- Caused major changes to organisational policy; or
- Involved items or property considered to have cultural heritage value.

2.2 Archives Not Transferred to the State Records Office

All State archives identified in this Schedule will be transferred to the State Records Office before they are 25 years old.

Sector Disposal Authority for Mental Health Services

Authority number: 2015-006

2.3 Restricted Access Archives

A restricted access archive is *"a State archive that is a government record and to which access is restricted until it is of a certain age"* (*State Records Act 2000, sect. 3*). Part 6 of the *State Records Act 2000* (the Act) provides for the restriction of certain categories of State archives.

s.49 of the Act provides that State archives which contain *"information about another person's medical condition or about another person's disability"* are to be restricted for 100 years.

Any access restrictions that apply to State archives identified in this Schedule are noted under the record classes and documented in a separate *Restricted Access Justifications* report.

3. DEFINITIONS

3.1 Definition of Terms

Custody: *means* the minimum retention period for which records are to be kept prior to their disposal. The Custody statement includes the disposal trigger that begins the retention period.

Destroy: *applies to* records identified as having temporary value and which will be destroyed once their retention period has expired.

Disposal Action: *means* the final disposition for records once their retention period has expired. The main disposal actions are "Required as State archives" and "Destroy".

Required as State archives: *applies to* records identified as having permanent value. State archives are to be transferred to the State Records Office once their retention period has expired (unless the State Records Commission has given approval for the organisation to retain such records).

Sector Disposal Authority for Mental Health Services

Authority number: 2015-006

No	Function/Activity	Description	Disposal Action	Custody
1	ADVOCACY	<p>The function of providing an advocacy service for individuals.</p> <p>See 4.3 Inspections For records of inspections of mental health facilities</p>		
1.1	Accidents	Accidents sustained by residents at facilities.		
1.1.1		Accident Reports - Copies of reports from facilities on residents' accidents, supplied by facility on an FYI basis. Originals retained at facility.	Destroy	Retain 2 years after action completed, then Destroy.
1.2	Consumer Contacts	<p>Correspondence and reports from and about specific consumers.</p> <p>See 4.4 Investigations For records where the matter results in an Investigation</p>		
1.2.1		<p>Correspondence and reports, letters from and about consumers which require an action or response. Records held in hard copy files.</p> <p>Note: Up to December 2015 these records were captured in the TRIM records management system and the VTS (Visitor Tracking System) database. In December 2015 VTS was replaced by the ICMS database. Records received in hard copy are scanned and the image is captured in the ICMS (Integrated Case Management System) database and relevant information from the hard copy is data entered into ICMS.</p>	Destroy	Retain 7 years after action completed, then Destroy.

Authority number: 2015-006

No	Function/Activity	Description	Disposal Action	Custody
<i>ADVOCACY - Consumer Contacts</i>				
		For disposal decisions for the VTS and ICMS databases see 1.2.3.		
1.2.2		Non Identifiable Action (NIA) - Correspondence from consumers in which no further action could be taken or no action was requested.	Destroy	Retain 2 years after action completed, then Destroy.
1.2.3		Databases - Containing forms, correspondence and other information relating to contact with and visits to clients. Databases include but are not limited to: <ul style="list-style-type: none"> • VTS (Visitor Tracking System) • ICMS (Integrated Case Management System) 	Destroy	Retain data for 7 years after action completed, then Destroy. Where all data is migrated to a successor database, retain the database for 12 months after successful migration of data, then destroy.
1.3	Membership			
1.3.1		Non-Government Organisations - Membership with NGOs	Destroy	Retain 5 years after action completed, then Destroy.
1.4	Official Visitors	Official Visitors are sessional appointees. Official Visitors are appointed for a set period of time and must re-apply for the position at the end of their term. <i>See General Disposal Authority for State Government Information 69.PERSONAL FILES</i> for Official Visitor personal files		

Authority number: 2015-006

No	Function/Activity	Description	Disposal Action	Custody
<i>ADVOCACY - Official Visitors</i>				
1.4.1		Unsuccessful Applicants - Interview notes, reports, expressions of interest and applications.	Destroy	Retain 3 months after appointment date, then Destroy.
1.5	Policy	Commenting on external Policies <i>See General Disposal Authority for State Government Information 72.POLICY</i> For internal agency specific policy development and implementation.		
1.5.1		External Agencies/Facilities - Commenting, requesting clarification on and providing feedback on decisions, directions practices and precedents of facilities as specified in their policies. Sample of policy documents retained in Library.	Destroy	Retain 6 years after action completed, then Destroy.
2	ALCOHOL & OTHER DRUGS	The function of providing treatment, management, care and rehabilitation of persons suffering from the consumption or use of alcohol or other drugs to excess. <i>See General Disposal Authority for State Government Information 72.POLICY</i> For records relating to Policy		
2.1	Alcohol and Drug Treatment Services	Specialist assessment and treatment for people with drug and alcohol problems. Includes: <ul style="list-style-type: none"> • In patient drug and alcohol withdrawal services; • Specialist pharmacotherapy service; 		

Authority number: 2015-006

No	Function/Activity	Description	Disposal Action	Custody
<i>ALCOHOL & OTHER DRUGS - Alcohol and Drug Treatment Services</i>				
		<ul style="list-style-type: none"> • Statewide clinical consultancy and client support service for health professionals and pharmacotherapy clients; • Community pharmacotherapy programs; and • Clinical research and guidelines. <p><i>See General Disposal Authority for State Government Information 85.RESEARCH for Clinical Research records</i></p> <p><i>See Department of Health Patient Information Retention and Disposal Schedule (PIRDS) for Client Files</i></p>		
2.1.1		<p>Clinical Services - Records relating to trends, issues and activity reports regarding provision of clinical services.</p> <p>NB: Data from these records are captured in the National Minimum Data Set (see Item 2.1.4 in this Disposal Authority)</p>	Destroy	Retain 10 years after cessation of service, then Destroy.
2.1.2		<p>Quality Improvement - Records relating to obtaining accreditation from the Quality Improvement Council in Alcohol, Tobacco and Other Drugs Services (ATODS). Includes records of accreditation of the Next Step program.</p>	Required as State archives	Retain 5 years after action completed, then transfer to the SRO.
2.1.3		<p>Service Information Management System (SIMS/SIMS2) - Database - A system to capture</p>		Retain in accordance with the relevant
